PROFESSIONAL EXPERIENCE

Finance Intern | Archit Nuwood Industry Limited

May 2024 – July 2024

- Audited 250+ Journal Vouchers (JVs) using SAP ERP, ensuring 90% and above accuracy in financial records and compliance with GAAP & FAS_52 standards.
- Assisted in CFS_JV Validation & SOX Compliance, contributing to a 20% reduction in financial discrepancies.
- Identified and rectified ₹5L+ worth of financial inconsistencies, optimizing reporting accuracy and internal controls.
- Collaborated with cross-functional teams to enhance financial transparency and operational efficiency, reducing report finalization time by 30%.

POSITIONS OF RESPONSIBILITY

Core Member | Commerce Association, MCC

June 2024 – Present

- Organized mega events for the Department of Commerce, enhancing students' multitasking abilities and adaptability in dynamic environments.
- Actively initiated multiple marketing techniques—both online and offline—to enlarge event reach and student engagement across departments.
- Coordinated with faculty and student bodies to design business fests, providing hands-on experience in business crisis management and strategic decision-making.

Core Member | Content Creation Team, Public Speaking Association, MCC

August 2024 – Present

- Developed engaging content and speech materials, helping members enhance their public speaking and storytelling skills.
- Created compelling content that attracted students from various departments, leading to a significant increase in cross-department participation in association events.
- Designed social media campaigns and newsletters, expanding the association's digital reach and engagement.

Member | Toastmasters Club

September 2023 – Present

- Organized personality development and public speaking events, helping students build confidence and communication skills.
- Facilitated interactive workshops on leadership, debate, and extempore speaking, fostering a culture of self-improvement and professional growth.
- Engaged with experienced speakers and mentors to provide structured learning experiences for club members.

AWARDS & ACHIEVEMENTS

Financial Modelling (Credit Course) – A+ Certified

- Gained hands-on experience in building dynamic financial models for business valuation and investment analysis.
- Developed proficiency in forecasting financial statements, including profit & loss, balance sheets, and cash flow statements.
- Applied Discounted Cash Flow (DCF) analysis and sensitivity analysis to evaluate investment opportunities.
- Strengthened Excel & VBA skills, enabling efficient financial data management and automation
