

DIWAN SINGAROI R

Data Science Analyst

📞 9384461477 ✉️ diwansigharoi@gmail.com 📍 Bangalore

SUMMARY

A passionate and results-driven Data Science student with practical experience in developing innovative and user-centric software applications. Strong understanding of software development life cycle, project management, and user experience design. Known for delivering functional, real-world solutions through academic and personal projects. Demonstrates excellent teamwork, adaptability, and a commitment to continuous learning in fast-paced environments.

EDUCATION

MSc Computer Science with (Datascience Specialization)

Mount Carmel College (Autonomous)

📅 2024 - Present

Bachelor of Computer Application

Sacred Hear college (Autonomous)

📅 2021 - 2024

SKILLS

Python	JAVA	PHP	My Sql	Firebase
Html	Css	Java script	Ajax	
Android Studio	Prompting			

KEY ACHIEVEMENTS

💎 Participated in multiple workshops and symposium

LANGUAGES

English Tamil

PROJECTS

Event Management System

Developed a mobile application to streamline event management and communication for Red Ribbon Club activities within the management.

Enabled smooth coordination between students and management, allowing users to track participation and activity updates in real time.

Reduced paper-based tracking with a digital system that records daily reports and key movement logs efficiently.

Included a dedicated portfolio section for each group to document their initiatives, achievements.

Human Resource Management System

Human Resource Management System
Designed and developed an HRMS application tailored for educational institutions to manage faculty and staff efficiently.

Provided features for tracking employee attendance, making it easier for administrators to monitor daily presence records.

Created a centralized system for storing staff information, improving accessibility and reducing manual paperwork.

Built the app with future integration in mind, allowing for easy expansion to include payroll and salary tracking features.

INTERNSHIP

Data Science at Nullclass Pvt Ltd

Fullstack Development & Data Analytics at Techforge Pvt Ltd
