## CAREER OBJECTIVE

An ambitious and analytical third-year B.Com (Strategic Finance) student pursuing the US CMA credential, driven by a deep interest in finance, business valuation, and risk management. Eager to contribute to dynamic teams in finance research, audit, risk advisory, wealth management, or banking, where I can apply my knowledge, grow professionally, and create measurable value.

## EDUCATION

**Bachelor of Commerce (BCom) in Strategic Finance**

**Currently pursuing US CMA (Certified Management Accountant – IMA, USA)**

**Mount Carmel College – Bangalore**

Currently Enrolled, Expected Graduation: 2026

**CGPA: 8.82/10**

**Senior Secondary (Class 12) | Champion School, Ernakulam | 2023 | 90.4%**

**Secondary (Class 10) | PSBB Learning Leadership Academy, Bangalore | 2021 | 91.2%**

## INTERNSHIP EXPERIENCE

**Intern – Share and Care Charitable Society**

**Automated Associate Member Subscription & Renewal Process**

- Developed and implemented a VBA Macro to automatically generate monthly reports of associate members eligible for renewal.
- Streamlined the entire process, resulting in 100% accuracy, improved audit compliance, and enhanced operational efficiency.
- The project provided valuable hands-on experience with automation and offered an indirect way of contributing to a social cause through technology.

## SKILLS

- Microsoft Excel (Data Analysis, Functions, Charts)
- PowerPoint Presentation & Design
- Market Research and Business Valuation
- Analytical Thinking and Problem-Solving
- Adaptability & Quick Learning
- Creativity, Team Collaboration & Time Management

## PROJECT EXPERIENCE

### Research Project – Sugar Industry & Biofuel Sector

- Conducted in-depth research and stock analysis on companies operating in the sugar and biofuel industries. Presented key findings and strategic insights to a group of investors, enhancing practical understanding of sector-specific investment strategies and the transformative impact of biofuel initiatives on the sugar industry
- Evaluated industry trends, financial performance, ethanol blending policies, and biofuel market drivers to assess investment opportunities.
- Analyzed how the increasing ethanol production and blending mandates (such as India's 20% ethanol blending target) are creating new revenue streams for sugar companies.

## CERTIFICATIONS

- Microsoft Excel 2019 - Microsoft
- Goldman Sachs operation job simulation - Forage
- Goldman Sachs risk job simulation - Forage
- JP Morgan investment banking simulation - Forage
- Microsoft PowerBI - Simplilearn

## EXTRACURRICULAR ACTIVITIES

- Member, photography in fine arts club – Collaborated with fellow members on creative projects and events
- Volunteer, Sanskrit association–Contributed to welfare projects and organized community outreach programs.

## ACHIEVEMENT

- School topper in Economics, Campion school, Ernakulam (2023) – awarded for outstanding performance in economics.
- Finalist in Under Current Business Quiz, Mount Carmel College (2025).
