## SUMMARY

Detail-oriented B.Sc. Economics and Statistics student with experience in microeconomic analysis, socio-economic research, and GST compliance projects. Skilled in conducting structured analysis and delivering research-based insights. Proficient in Excel, PowerPoint, and data visualization, with strengths in problem-solving and teamwork. Demonstrates resilience, alertness, and interpersonal skills while supporting decision-making and delivering value-driven outcomes.

## EXPERIENCE

### Research Intern

Present

SHREYAS AND ASSOCIATES

Bangalore, India (Remote)

As a Research Intern at Shreyas & Associates, I conducted research on GST-related topics, preparing case studies that supported compliance interpretation and decision-making. The work involved reviewing material on payments, processing, and reconciliation, while gaining exposure to regulations and policies.

- Researched GST applications across collateral management, settlement processes, and dispute resolution, summarizing findings into practical insights.
- Reviewed material on exceptions, BAU activities, and initiatives, highlighting their impact on compliance and reporting practices.
- Studied references on front office interactions, connectivity, and business process indicators, documenting their role in regulatory alignment.
- Prepared research notes on training materials, escalation procedures, and policies, contributing to structured case study presentations.

## EDUCATION
