PROFESSIONAL SUMMARY

Ambitious and dedicated student with a strong background in Economics and Statistics, supported by practical experience in financial operations, market research, and data analysis. At Goldman Sachs, improved global operations and risk monitoring through data-driven solutions and process improvements. Skilled at working with teams, managing multiple tasks, and turning data into clear insights. Excited to join JP Morgan's banking operations team to apply my skills, learn from experienced professionals, and grow in the field of finance and operations.
