About Me

I am a BCA student at Mount Carmel College, passionate about technology with a dual focus on Full Stack Development and Data Analytics. Skilled in building responsive, user-friendly web applications using React.js, Next.js, Node.js, and JavaScript, as well as managing data operations and visualizations with SQL, Python, Excel, and Power BI. With certifications in UI/UX, Power BI, Ethical Hacking, and Project Management, I bring both creativity and analytical thinking to problem-solving. I aim to contribute to innovative teams that value both development and data-driven insights.

Technical Skills

- 1 Languages: Python, SQL, C, C++, Java, JavaScript
- 2 Front-End: HTML, CSS, HTML5, Bootstrap, Tailwind CSS, React.js, Next.js
- 3 Back-End & Tools: Node.js, Git, VS Code, REST APIs
- 4 Data Analytics & BI: Excel, Power BI, Data Visualization, ETL Workflows, Reporting
- 5 Other Skills: UI/UX Design, Animation, Ethical Hacking, Operating Systems

Internship Experience

Full Stack Developer Intern – ZecurX (Ongoing)

- 1 Contributing to web development projects using React.js, Node.js, and Tailwind CSS.
- 2 Collaborating with backend and cybersecurity teams to integrate secure APIs and optimize performance.
- 3 Implementing UI/UX enhancements for accessibility and responsiveness.
- 4 Supporting data analytics tasks using Power BI and SQL for dashboard insights.
- 5 Learning and applying ethical hacking techniques for secure web development.

Front-End Developer Intern – Emergies Technology

June 2025 – September 2025

- 1 Designed and developed responsive front-end interfaces using React.js, JavaScript, and Tailwind CSS.
- 2 Collaborated with design teams to implement UI/UX improvements and ensure brand consistency.
- 3 Integrated APIs with backend systems for seamless functionality.
- 4 Tested, debugged, and optimized front-end performance for speed and scalability.
- 5 Contributed to internal tools and websites enhancing client engagement and usability.

Education

Bachelor of Computer Applications (BCA)
Mount Carmel College — Expected 2025

Projects & Practical Experience

Data Analytics & AI Projects

- 1 Phishing Detection System – Built an AI-based model in Python to detect phishing websites.
- 2 Dashboard Designing (Power BI) – Designed interactive dashboards to visualize student/business data.
- 3 SQL Data Management – Optimized queries and workflows for validation & reporting.

Full Stack Development Projects

- 1 Student Biodata System (Java) – Application with file handling for student data storage & retrieval.
- 2 Pet Shop UI – E-commerce-style front-end using Tailwind CSS & JavaScript.
- 3 Tour & Travel Website – Responsive travel services site with HTML, CSS, and JavaScript.
- 4 CyberNinja: Rise of Areena – Story-based cybersecurity game prototype with UI/UX design.

Certifications

- 1 SQL & Database Management
- 2 Python Programming – Mount Carmel College
- 3 Java Programming – Mount Carmel College
- 4 MS Excel – Mount Carmel College
- 5 UI/UX Design – Mount Carmel College
- 6 Animation – Mount Carmel College
- 7 Ethical Hacking (CEH) – Zecurx
- 8 Power BI – Udemy
- 9 Project Management – Udemy

Languages

- 1 English (Fluent)
- 2 Hindi (Fluent)
- 3 Urdu (Fluent)

Personal Attributes

- 1 Full Stack Mindset
- 2 Analytical Thinker
- 3 Quick Learner
- 4 Team Player
- 5 Self-Motivated
- 6 Adaptable

Extracurriculars

- 1 Member, College Coding Club
- 2 Volunteer, Computer Association
- 3 Tech Logistics Member, Student Council
