EXPERIENCE

LANDMARK GROUP (Intern)

Landmark Group is a multinational retail and hospitality conglomerate headquartered in Dubai.

- Reviewed legal agreements and analyzed commercial data to support compliance and operational accuracy in retail and e-commerce contexts.
- Enhanced clarity and completeness of legal documents by identifying improvement areas and drafting revisions.
- Used Excel (VLOOKUP, XLOOKUP, Pivot Tables, Conditional Formatting) to cross-reference sales data with tender documentation and detect key discrepancies.
- Collaborated in internal audits and supported documentation efforts across various retail business models (e.g., pureplay, dropship, JIT, sale-or-return).
- Contributed to improved audit reporting and deeper cross-functional understanding through accurate, well-documented findings.

AUDIT SIMULATION – KPMG U.S. CAREER CATALYST (via Forage)

- Simulated an end-to-end audit of a fictional client by determining materiality, evaluating the order-to-cash process, and assessing third-party confirmations.
- Delivered findings through a structured video presentation and audit opinion.
- End-result: Developed practical skills in audit planning, analysis, and professional communication.

AUDIT SIMULATION – PwC U.S. (via Forage)

- Tested internal controls within a client's purchasing process.
- Created a process flowchart and risk control matrix, identified potential control risks, and documented findings in a professional audit format.
- End-result: Strengthened understanding of internal audit documentation, risk assessment, and control testing.
