Hiring Manager  
JP Morgan  
Bangalore

Subject: Application for Operations Role 2026

Dear Hiring Manager,

I am writing to apply for the Operations Role 2026 at JP Morgan with a preference for Bangalore location. I am currently pursuing my B.Com in Corporate Finance at Mount Carmel and I am eager to start my career in the banking and finance sector, especially in operations.

Through my internships at Jain Poddar & Company and VMR and Company, I worked on tasks like preparing bank statements, GST filings, and ITR computation. These experiences taught me the importance of accuracy, deadlines, and compliance in financial work. I believe these skills will help me perform well in areas like payments, settlements, reconciliation, and trade finance which are part of this role.

Along with my academics, I have also gained certifications in project management and advanced tally with GST, and I am comfortable with tools like MS Office and Tally. I enjoy problem solving, working in teams, and learning new processes, which I feel will help me grow and contribute in a fast paced environment like Deutsche Bank.

What excites me most about this role is the chance to be part of a global bank that manages high value transactions and supports clients worldwide. I see this as a great opportunity to apply what I have learned so far, gain more exposure, and build a strong career in banking operations.

Thank you for considering my application. I would be happy to discuss my background further in an interview.

Sincerely,

Khushi Soni
