## **Career Objective**

Highly motivated and detail-oriented Bachelor of Commerce specialising in Strategic Finance graduate, currently pursuing Honours aspiring to begin a career as an Operations Analyst with a focus on trade lifecycle management, operational accuracy, and risk control. Seeking to contribute to Javelin's global commodities operations by supporting trade settlements, documentation, KYC processes, and exception management with precision and professionalism. I aim to bring strong analytical ability, a proactive mindset, and a commitment to operational excellence while learning the complexities of commodities, derivative products, logistics, and cross-functional coordination. Dedicated to maintaining integrity in data, ensuring accurate books and records, and providing reliable support to trading, legal, and technology teams in a fast-paced environment.
