## PROJECTS

### Power BI Dashboard - Blinkit - Self-Initiated Project

- Built a sales analysis dashboard using Blinkit's publicly available data covering 8500+ items across outlet types.
- Visualized key metrics: total sales, average sales, item types, outlet size, and ratings

### Portfolio Management and Analysis - Self-Initiated Project

Analyzed share price movements and sectoral performance of five companies to design a balanced and data-driven investment portfolio.

### Marketing - (Team Project)

Designed a swipe based fashion app powered by AI and colour theory, offering personalized shopping through user behavior analysis and smart recommendations.

## CERTIFICATIONS

- Basics of Tableau
- Microsoft Power BI
- Beginners level of Spanish
- Management Information System (MIS)

## CO-CURRICULAR ACTIVITIES

- Volunteered at an old age home as part of a college-led social outreach initiative.
- Participated in industrial visits to Featherlite Industry and Akshayakalpa Organic Farm for practical business exposure.
