PROFILE

A highly motivated and analytical student with a strong interest in financial operations, process improvement, and risk management. Skilled at problem-solving, data interpretation, keen interest in global financial systems and teamwork, I thrive in dynamic, fast-paced environments that encourage learning. I aim to contribute to the operational excellence while gaining hands-on experience, mentorship, and professional growth in a dynamic team environment.

EXPERIENCE

I do not have any formal experience in this field, but I have been actively involved in college events that have helped develop my leadership, communication and analytical skills. I have also volunteered for various events under Youth Red Cross Association, by helping them in logistics management and organisation of an event. I have also completed an internship in a CA firm in relation to GST filing and Audit reporting.

EDUCATION

Cambridge School, 2020

- 10th: 77.33%

CMR National PU College, 2021-2023

- 12th: 77%

Mount Carmel Autonomous College, 2023-2026
