NGO Volunteering – Samarthan

(Dec 2024 – Jan 2025)

Volunteered at Samarthan to support education for underprivileged children. Responsibilities included outreach and engagement through personal networks, while supporting the team in planning awareness events and community activities. Strengthened my skills in communication, teamwork, and project coordination, while gaining a better understanding of inclusive community engagement.

Relevant Coursework and Skill Development

- **Investment Analysis Project (Finance Domain)**

This involved thorough research and analysis of different asset classes and risk strategies. It developed my skills in data interpretation, decision-making, and strategic planning, skills that are transferable and beneficial to support talent analytics, organizational planning, and evidence-based decision making.

- **Expert Excel (Certification Course)**
