## SUMMARY

Detailed-oriented B.Sc. Economics and Statistics student with experience in microeconomic analysis, socio-economic research, GST compliance, and data mining. Skilled in documentation, record keeping, business analysis, and governance frameworks. Adept at performing structured analysis, supporting ad-hoc reporting, and ensuring data confidentiality in compliance projects. Proficient in Excel, PowerPoint, and dashboards, with strong communication, organization, and problem-solving abilities. Demonstrates ownership, accountability, and a sense of urgency in delivering value-driven and compliant outcomes.

## EXPERIENCE

### Research Intern

SHREYAS AND ASSOCIATES

Present

Bangalore, India (Remote)

As a Research Intern at Shreyas & Associates, I conducted research on GST-related topics, preparing case studies that supported compliance interpretation and decision-making. The work involved reviewing material, processing, and reconciliation, while gaining exposure to regulations and policies.

- Conducted research on GST-related topics and prepared case studies supporting compliance interpretation and regulatory requirements.
- Studied GST applications in collateral management, settlement, and dispute resolution, noting areas of Operational Risk.
- Prepared research notes and documentation, maintaining record keeping, data compilation, and adherence to best practices.
- Prepared research notes on training materials, escalation procedures, and policies, contributing to structured case study presentations.
