Soft Skills   Active listening, Problem Solving, Fast Learner, Time Management, Continuous learning
Technical Skills   Microsoft Excel, Power BI, Data Analysis and Visualisation

PROJECTS

JioCinema Consumer Behavior Analysis
- Surveyed 100+ users in Bengaluru to analyse usage, preferences, and satisfaction and risk factors in customer retention.
- Applied qualitative and quantitative methods to identify gaps in engagement and recommend improvements to content strategy and user experience.
- Derived actionable insights that could support compliance with customer expectations and strengthen decision-making.

Mental Health Survey Analysis
- Conducted survey-based research to evaluate lifestyle habits and their impact on well-being, identifying risk factors for stress and poor sleep.
- Cleaned and standardised raw data to ensure accuracy and reliability of findings.
- Identified key patterns and created reports highlighting correlations between lifestyle and mental health.
