Ann Lael Kruba R

3rd Year Bachelor of Science in Data Science

annlaeled@gmail.com | +91 8300554001

Motivated Data Science undergrad student with a keen interest in applying data-driven approaches to solve real-world business problems. Also excited to explore different domains where data can make a positive impact. I am Committed to learning, collaborating, and growing in a professional environment while building a strong foundation in the field.

SKILLS & ABILITIES
